To the Editor:

The senior internship program at Darien High School concluded recently in a culminating event — the Senior Internship Fair.

Two hundred eighty-seven senior interns returned to campus after five weeks at their internship locations, brimming with excitement.

Each created a poster that depicted the work they were involved in and with enormous enthusiasm they shared highlights of their experiences. We are so grateful to all the sponsors who offered an opportunity to a DHS intern this May/June. The sponsors are in large part from within Darien and greater Fairfield County, although several are in Westchester and New York City.

This expression of support for our young people is extraordinary and without it there would be no internship program for the members of the senior class. We extend our heartfelt thanks to the following organizations:
