The place was overgrown with vegetation and untrimmed trees, and parts of the house were poorly built — namely, a 1980 addition that had such a weak foundation and floors that one of the donkeys Zaro rescues fell through the kitchen floor. (They typically graze outdoors, but this one happened to be in the kitchen.)

"Contractors told us it would be cheaper to tear down and rebuild," she said. "But they don't make houses like this anymore. We bought this house purposely to restore and maintain it. We love antique homes."

*Zillow**Zillow*

It still has five fireplaces — two of them functioning — with mantels that have never been painted. All the cabinets, moldings and flooring were created by locals, right down to the bucolic mural in the kitchen.
