## On The Tanglewood Trail

The only thing better than an evening spent at Tanglewood is beating the traffic by walking home to your nearby Lenox residence. Close to the music festival grounds and offering mountain views, this Contemporary has four bedrooms and five bathrooms. The house opens to a two-story foyer and has an open-plan living room, library and dining room, each with a fireplace. The master suite has his-and-hers bathrooms and an office. A large patio looks toward southwesterly views. Listed for \$1.195 million by [Sotheby's International Realty](#).
